ECE6372 (24382): Advanced Hardware Design, Fall 2017

Special Permission Request Form

Note: Please return the form to ECE front desk. If your request is approved, you will be registered by the department.

Due to high demands for the course, there will be a wait list. Please enroll in a backup course which you will drop if you get in this course. The enrollment is done by the department, and can be as late as August, 2017. You will receive notification email if you are enrolled by the department. If you don't see the course added to your PeopleSoft account, you are on the waitlist.
